Education

Language - English: Native

Opole University of Technology (Expected February 2027)

Faculty of Electrical Engineering

- Bachelor's Degree in Computer Engineering

Skills

-Applications: Photoshop, CorelDraw, Canva

- Programming Languages: C++, C#, JavaScript

- Web Development: HTML, CSS, Bootstrap

Soft Skills

- Team player, problem solving, communication skills, adaptability, critical thinker and flexibility

Experience

-Business/Organization Posters

Created visually striking posters that effectively communicated messages while maintaining strong brand identity. Each design was structured for maximum impact and engagement.

-Church Flyers

Designed faith-inspired flyers with warm color schemes and clear layouts for church events and services. These flyers were inviting, easy to read, and visually uplifting.

-University/School Flyers

Produced engaging and professional flyers for schools and universities, tailored to appeal to students. These designs successfully promoted events, clubs, and important announcements.

-Design for Companies on Social Media

Developed branded social media graphics that boosted engagement and aligned with each platform's aesthetic. These designs helped businesses strengthen their online presence and connect with their audience.

-Growing a 5,000-Follower Audience

Built an engaged following of over 5,000 on Instagram and TikTok by consistently sharing design work. Content showcased creativity and the ability to produce visually appealing, shareable designs.
